September 28th, 1875. EDITORS JOURNAL :- I observed in your paper of this morning, that some friend of yours has named me as a proper person to organize the surviving defenders of Fort Fisher, for the demonstration to be had during Fair week. I would respectfully inform you that I was not one of the defenders of Fort Fisher, having resigned the command of that post on the 4th day of July, 1862. Any action on my part in the matter would certainly be presumptuous, inasmuch, as there are in Wilmington many gallant survivors
